

SUPPORT STEM PROJECTS!

**By sponsoring one of these QAM projects for
the benefit of young students:**

- *You value science, technology, engineering and math among their knowledge.*
- *You collaborate in perseverance in their studies.*
- *You arouse their interest in aerospace technologies.*
- *You give them the opportunity to gain experience.*
- *You participate in the development of their manual skills.*
- *You help ensure quality succession for the aerospace industry in Quebec and Canada.*

You will find on the back all of our STEM projects.
Also consult our [website](#) to see all the sponsorship possibilities.

STEM PROJECTS

Project Description:		Sponsorship Amount:
	<p>AFSG-1 Ground Power Unit</p> <p>This project involves restoring this DC power supply unit (GPU) to working order in partnership with the École nationale d'aérotechnique as part of student activities.</p> <p>The amount provided allows the acquisition of all the parts and components necessary to restore the GPU to working order.</p>	\$ 2,500
	<p>Transport and Storage Carts</p> <p>Realization of two transport and storage carts for the tail (projects GSE02 and GSE03) and the wingtip tanks (projects GSE02 and GSE04) of our Avro CF-100 Canuck # 100760 designed by ÉTS students. This will be achieved within the framework of educational projects of a technical school.</p> <p>The planned amount includes the acquisition of all the raw materials, parts and components necessary for the realization of the project.</p>	\$ 3,000
	<p>Wingtip Tanks Refurbishment</p> <p>Avro CF-100 Canuck #100760 wingtip tanks refurbishment to display status. This will be done within the framework of educational projects of a technical school.</p> <p>The planned amount includes the acquisition of all the raw materials, parts and components necessary for the realization of the project.</p>	\$ 4,000
	<p>Tail Assembly Refurbishment</p> <p>Avro CF-100 Canuck #100760 tail assembly refurbishment to display status. This will be done within the framework of educational projects of a technical school.</p> <p>The planned amount includes the acquisition of all the raw materials, parts and components necessary for the realization of the project.</p>	\$ 5,000
	<p>Transport and Storage Cart</p> <p>Realization of a transport and storage cart for the wings of our Avro CF-100 Canuck #100760 (projects GSE05) designed by ÉTS students. This will be achieved within the framework of educational projects of a technical school.</p> <p>The planned amount includes the acquisition of all the raw materials, parts and components necessary for the realization of the project.</p>	\$ 7,000
	<p>Transport and Storage Trailer</p> <p>Realization of a transport and storage trailer for the fuselage of our Avro CF-100 Canuck #100760 (projects GSE06) designed by ÉTS students. This will be achieved within the framework of educational projects of a technical school.</p> <p>The planned amount includes the acquisition of all the raw materials, parts and components necessary for the realization of the project.</p>	\$ 10,000
	<p>Transport and Support Jig</p> <p>Realization of the jig intended to support the fuselage of the Avro CF-100 Canuck #100760 (GSE05 project) designed by ÉTS students. This will be done within the framework of educational projects of a technical school. Note that the main elements making up the jig can be used later for other projects.</p> <p>The planned amount includes the acquisition of all the raw materials, parts and components necessary for the realization of the project.</p>	\$ 40,000

In return for any financial support for one of these projects, each sponsor will be guaranteed to obtain visibility in QAM communications (website, press releases, corporate brochure, MAQ-Express newsletter and social media) in addition to satisfaction of a contribution to the development of the museum project as a whole.

We will issue a receipt for tax purposes for each sponsorship.

It is also possible to dedicate part of a corporate membership fee to sponsoring a specific QAM project. This allows you to support our organization in two distinct ways. For more information about corporate members, see our [website](http://www.maq-qam.ca).
